Letter of Reference: LEO HOKKANEN

To Whom It May Concern,

Leo has been a dedicated lead team member (lead developer) on the Kangan Richmond Community Web Project for a number of months. Leo has demonstrated a strong work ethic during his time here, and diligently performed task assignments to meet project expectations. Leo has been a positive team member, punctual, and keenly focussed in meeting project timelines. Leo's work contributions were highly valued. Leo is good humoured and easy to work with, and all of us at the project enjoyed having Leo on our project team. We wish Leo all the very best for the future.
